# Welcome to Your Benefit Enrollment for Plan Year 2017

At Lone Star National Bank, we know that benefit requirements change. That's why we have an open enrollment period each year.

For most benefits, Open Enrollment is the only time of year you are allowed to make changes in your benefits. Unless you experience some qualifying life event, you will only be able to make benefit changes during the Open Enrollment period. During open enrollment, you should consider the benefits you have today and ask yourself if they will serve you and your loved ones well in the coming plan year.

Benefit enrollment is easy! Just follow these steps.

- First, review and contact HR to update personal information about you or your covered dependents.
- Review each of your benefit elections and make your choices.
- Sign the Enrollment Confirmation form to complete your enrollment.

Click *Next* to begin.

Choose Beneficiaries

A beneficiary is a person, trust, or organization to whom benefits will be paid. A contingent beneficiary will receive benefits if your primary beneficiary is no longer living at the time of your death.

- Place a checkmark next to each desired primary and contingent beneficiary. The percentage allocations will automatically calculate.
- Click Add (Plus sign) if you do not see the desired person or trust in the list.
- You may change the percentages, as long as they add up to 100%.
- Clicking *All living children* will clear any children already selected.
- Beneficiaries may not be both primary and contingent at the same time.

Note: Editing a beneficiary that is of a coverable type (such as spouse or child) will edit that dependent's information as well. For this reason, it is recommended to add a new beneficiary rather than edit one that is already in the list as a dependent.

Choose Beneficiaries

A beneficiary is a person, trust, or organization to whom benefits will be paid. A contingent beneficiary will receive benefits if your primary beneficiary is no longer living at the time of your death.

- Place a checkmark next to each desired primary and contingent beneficiary. The percentage allocations will automatically calculate.
- Click Add (Plus sign) if you do not see the desired person or trust in the list.
- You may change the percentages, as long as they add up to 100%.
- Clicking *All living children* will clear any children already selected.
- Beneficiaries may not be both primary and contingent at the same time.

Note: Editing a beneficiary that is of a coverable type (such as spouse or child) will edit that dependent's information as well. For this reason, it is recommended to add a new beneficiary rather than edit one that is already in the list as a dependent.

PAYROLL DEDUCTION AUTHORIZATION/CANCELLATION

By submitting my benefit choices, I acknowledge that I am authorizing my employer to take pre-tax and/or, to the extent relevant, after-tax deductions from my paychecks to pay for my benefit costs. I understand that pursuant to Internal Revenue Code section 125, this election can only be made during the annual open enrollment period before the beginning of each plan year (unless I am a new hire), and is irrevocable for the entire calendar year unless I incur a Qualifying Family Status Change or other permissible mid-year change event, as determined by the Pre-Tax Payment Plan and the underlying benefit plan(s) I have chosen to participate in (collectively, the "Plans").

I understand that the maximum salary reductions I can make are set forth in the Plans, and that the Plans govern all issues concerning my elections, payroll deductions, eligibility, and benefits. I acknowledge that my elections (with the exception of contributions to Reimbursement Accounts) will automatically rollover from year to year unless I submit a change during the annual open enrollment period.

I agree that in the event of any change in the required benefit plan contributions prior to the next enrollment period, my payroll deduction election will automatically be revised to take such change into account. I also understand that my contributions to Reimbursement Accounts, if any, can only be used to reimburse qualified health and/or dependent care expenses incurred in the same year as the contributions are deducted from my paychecks. Any funds remaining in my Reimbursement Account(s) not used for current year expenses will be forfeited after all current year reimbursements are processed. I understand that I may be required to provide Human Resources with proof of dependent eligibility in order to receive coverage for my dependent(s).

Finally, I am also authorizing my employer to use and send necessary personal information, including Protected Health Information under HIPAA, to my selected benefit vendors and providers in order to initiate and support my coverage elections.
