Employee Benefits Proposal

Whole Life Insurance (Solutions 121)

City of Pharr
Employee Paid Offer
C&B Issue Date: 12/9/2015
Proposed Plan Effective Date: 1/1/2016
Cost and Benefit Summary

Underwritten by Texas Life Insurance Company
Distributed by your MetLife representative

Whole Life Rates
Approved based on
Semi-monthly Rates
Issued -
by Ruben Garza
12/29/15

This C&B is valid for 90 days from the C&B issue date. Please contact MetLife for additional information, including state variations. Texas Life Whole Life Insurance is available through your MetLife representative and is underwritten by Texas Life Insurance Company, 900 Washington, Waco, Texas. Texas Life is not affiliated with Metropolitan Life Insurance Company or its affiliates. Like most life insurance policies, Texas Life policies contain certain exclusions, limitations, exceptions, reductions of benefits, waiting periods and terms for keeping them in force. Texas Life complies with all state laws regarding marriages, domestic and civil union partnerships, and legally recognized familial relationships. Please contact MetLife for more information.

Eligibility

- Full-time employees aged 17 – 70 who are actively at work. Policies are currently not available to employees residing in New York.
- Spouses aged 17 through 70, children aged 15 days to 26 years, and grandchildren aged 15 days to 18 years. Spouses, children and grandchildren are eligible regardless of whether the corresponding employee applies for coverage. Policies on children and grandchildren are not available in Washington.

Plan Design

- Contract Form: Individual Policy. The policy will be based on the insured's state of residence.
- Plan Type: SOLUTIONS Series 121
- Coverage Limits: Participants will be eligible for Face Amounts as shown below, in $1 increments. Employee marketing and enrollment efforts will focus on Guaranteed Issue coverage, provided the employer agrees to the parameters of the General and Enrollment Strategy Requirements as described in this C&B. Failure to meet these requirements will result in the program not being offered. Minimum and maximum Face Amount limits are subject to vary; any variations would be discussed and finalized between MetLife and the employer prior to plan implementation.

Employee Guidelines

Issue Ages	Minimum Face Amount	Guaranteed Issue Maximum Face Amount	Express Issue Maximum Face Amount	Simplified Issue Maximum Face Amount
17 to 39	$10,000	$75,000	$150,000	250000
40 to 49	$10,000	$50,000	$100,000	$250,000
50 to 59	$5,000	$25,000	$50,000	$250,000
60 to 70	$5,000	$15,000	$30,000	$250,000

Spouse, Children and Grandchildren Guidelines

Issue Ages	Minimum Face Amount	Guaranteed Issue Maximum Face Amount	Express Issue Maximum Face Amount	Simplified Issue Maximum Face Amount
Spouses 17 to 39	$10,000	N/A	$50,000	$75,000
Spouses 40 to 49	$10,000	N/A	$50,000	$75,000
Spouses 50 to 59	$5,000	N/A	$25,000	$50,000
Spouses 60 to 70	$5,000	N/A	$10,000	$25,000
Children/Grandchildren	$10,000	N/A	$25,000	N/A

- Face Amount: Prior to age 65, or if 20 or fewer years have elapsed from the date coverage was purchased if it was purchased after age 45, the death benefit is equal to the Face Amount. Upon the insured's death, the insured's beneficiary will receive the death benefit if all policy requirements are met.
- Paid-Up Insurance at Retirement: Designed to allow insured to keep coverage into retirement even though insured stops paying premiums at the later of age 65 (or 20 years from purchase if purchased after age 45).At that time, the policy becomes fully paid up with no further premiums due and the death benefit is equal to 100% of the Face Amount.
- Portability: Terminated and retired employees will retain their policy at original rates if premiums are still due, with payments made through automatic bank draft or direct home bill on a monthly, quarterly, semi-annual or annual basis. Employees will incur a billing fee of no more than $2.00 per month for direct monthly home bill payments.

Underwriting

- Each eligible participant will complete an application for coverage during a limited application period.
- Employees will be able to purchase Face Amounts on a Guaranteed Issue basis, subject to the actively at work and enrollment strategy requirements.
- Employees, their spouses, and their children and grandchildren, will be able to purchase Face Amounts on an Express Issue basis by answering one question regarding their medical history.
- Employees, their spouses, and their children and grandchildren, will be able to purchase Face Amounts on a Simplified Issue basis by answering the Express Issue question regarding their medical history and completing a supplemental application regarding their medical history in the past ten years. MetLife reserves the right to request additional information based on the admitted history. A blood sample is required for Face Amounts of $150,001 and greater.
- Should a spouse, child, or grandchild not apply and qualify for coverage during the employee's initial application period and wish to apply for coverage in a future enrollment period, the spouse/child/grandchild will be required to undergo Simplified Issue underwriting to apply for the coverage amounts which were previously available through Express Issue during the employee's initial application period.

- Additional coverage can be purchased during subsequent enrollments. A new policy for the additional coverage will be issued. Each portion of coverage is subject to its own timeframe of when it becomes paid up.

Additional Benefits

- Accelerated Death Benefit Due to Terminal Illness Feature: Automatically included in all policies. If an insured becomes terminally ill[1], he/she may elect to claim an accelerated death benefit in lieu of the policy death benefit. In most states, the Accelerated Death Benefit Rider provides a death benefit of 92.6% (92% in AZ, CA, CT, DC, DE, FL, ND and SD) of the face amount less a $150 administration fee ($100 in FL) in lieu of the policy death benefit. Any outstanding loans will reduce the cash value and death benefit. Please contact MetLife for more information on this feature, including tax information and rider mechanics.
- Accelerated Death Benefit for Chronic Illness Rider (Employer Elected): Included in the plan at the option of the employer for all applicants. If an insured becomes permanently chronically ill, meaning that he/she is unable to perform two of six Activities of Daily Living (such as bathing, continence or dressing), or is severely cognitively impaired (such as Alzheimer's), he/she may elect to claim an accelerated death benefit in lieu of the face amount payable at death. The single payment is 92% of the face amount less a $150 administrative fee ($100 in FL).
  - The Accelerated Death Benefit for Chronic Illness Rider premiums are 8% of the base policy premium. This rider is not available in the following states: CA and NY.
- Accidental Death Benefit Rider (Employer Elected): Included in the plan at the option of the employer for all applicants within the allowable issue age ranges: Employees and spouses, between issue ages 17 and 59; children, between issue ages 15 days and 26; and grandchildren, between issue ages 15 days and 18. This rider doubles the insurance proceeds when death occurs as a result of accidental bodily injury and is payable up to age 65.
  - The Accidental Death Benefit Rider is $.02 per $1,000 per week.
- Disability Waiver of Premiums Rider (Employer Elected): Included in the plan at the option of the employer for all applicants within the allowable issue age ranges: Employees and spouses, between issue ages 17 and 59; children, between issue ages 15 days and 26; and grandchildren, between issue ages 15 days and 18. This rider waives the premium after six months of the insured's total disability (please contact MetLife for the definition of total disability) and refunds the prior six months' premium. Benefits continue to be payable until the earlier of the end of the insured's total disability or age 65.
  - The Waiver of Premium Benefit Rider premiums are 10% of the base policy premium.

1. "Terminally Ill" means an injury or sickness that, despite appropriate medical care, is reasonably expected to result in the insured's death within 12 months or less from the date a physician determines the insured is terminally ill.

General and Enrollment Strategy Requirements

General Requirements:

1. Prior to case implementation, a Whole Life Insurance Employer Agreement will be submitted by the employer. The Whole Life Insurance Employer Agreement form is included with this C&B.
2. Premium payments for active employees will be made through payroll deduction;
3. The plan will be marketed according to the agreed upon enrollment strategy; and
4. No competing voluntary Whole Life or similar programs will be actively marketed or enrolled.

Agreed Upon Enrollment Strategy (Required):

- Distribution of policy provisions and exclusions to employees.
- Communication strategy that includes a minimum of three employee touch points, such as:
  - Email Templates: Coming Soon, Kick Off and Reminder. (Various design options available to accommodate employer's technology)
  - FAQs
  - Intranet / Newsletter Content
  - Enrollment Kits
  - Onsite Presentations
  - Posters

Application Options:

The communication/enrollment process is essential to the success of any Voluntary Benefits program. Access to employees at the workplace on a favorable basis allows us to communicate efficiently and effectively. It has been our experience that when employees understand the need, the result is higher participation. Our goal is to give each employee enough information to make informed decisions while not adversely impacting day-to-day job functions. We are prepared to have the Texas Life SOLUTIONS product application completed using several methods, including face-to-face meetings with employees at-site during working hours, and call centers.

- Face to Face –Whole Life product was designed to best support face to face enrollment strategies. The enrollment method is for professional enrollment counselors to see each employee, face-to-face during working hours, to discuss the various voluntary benefit offerings. These enrollment interviews typically last 15-20 minutes and give the employee the opportunity to have a better understanding of the value of voluntary permanent life insurance.
- Electronic Enrollment – We can support a web-based enrollment program for assisted applications (employee is with or talking to a licensed agent) through a call center.

Due to the complexities of the required application process, on-ballot enrollment is not available for the Whole Life product.

MetLife, the employer and an enrollment firm will work together to determine and implement the appropriate marketing campaign. MetLife's proposal assumes an employer's agreement to provide the required enrollment strategy as outlined above.

Failure to meet the requirements outlined above and the agreed upon enrollment strategy will result in the program not being offered until such conditions are available.

Implementation Requirements:

- The minimum lead time required to implement your plan will be 6 weeks from the date of the initial implementation meeting/call to the effective date.

Premium Structure

- Employee Paid (payroll deducted)—Issue age rate per week. Once an insured purchases coverage, the rate will remain level until age 65, or after 20 years if the coverage is purchased after age 45, when no further premiums are due.
- Unisex, tobacco-distinct rates.
- Commissions: Level 15% first year and subsequent years. Please note, premium rates are not impacted by variations in the specific commission schedule paid.
- This quote was developed assuming the following number of lives will be eligible for the plan: 558
- Shaded areas in the rate tables that follow require the employee to undergo Express Issue underwriting during the initial application period. Underwriting requirements will vary by plan year as specified in the Underwriting section of this C&B. Rates for Simplified Issue and additional Face Amounts can be furnished upon request by contacting MetLife.

In WA, coverage is not available for children or grandchildren.
Policies on children and grandchildren require Express Issue underwriting.

General Disclaimer:
Texas Life Whole Life Insurance is available through your MetLife representative and is underwritten by Texas Life Insurance Company, 900 Washington, Waco, Texas. Texas Life is not affiliated with Metropolitan Life Insurance Company or its affiliates. Like most life insurance policies, Texas Life policies contain certain exclusions, limitations, exceptions, reductions of benefits, waiting periods and terms for keeping them in force. Texas Life complies with all state laws regarding marriages, domestic and civil union partnerships, and legally recognized familial relationships. Please contact MetLife for more information.

Coverage is not available in all states. Two-year suicide and contestable clauses apply (One year suicide and contestable clauses for policies issued in ND).

In certain states, availability of an individual policy for spouses/domestic partners and dependent children is pending regulatory approval. The employee does not have to apply for coverage in order for the spouse/domestic partner, children and/or grandchildren to apply for an individual policy.

Voluntary Permanent Whole Life Insurance

Employer Agreement

MetLife

Metropolitan Life Insurance Company ("MetLife") and City of Pharr ("Employer") agree to provide for the Employer's eligible Employees a Payroll Deduction Program for payment of premiums on Texas Life Insurance Company's ("Texas Life") individual voluntary permanent whole life insurance policies. The Employer will deduct from the salary or wages of all participating Employees the premiums on their policies and remit the amount deducted to MetLife, on the Common Due Date(s) (as defined below). The Employer will give prompt notice to MetLife of the name(s) and policy number(s) of any participant who leaves its employ, changes a payroll deduction authorization, dies, or for whom payroll deductions will no longer be made for any reason.

Eligible Employees will be those who have been employed for the minimum time required for the payroll deduction program selected at enrollment date.

The Common Due Date for this program is the first day of each month. MetLife will provide the first Common Due Date before the end of the enrollment. MetLife will furnish to the Employer, as part of each bill, a detailed statement showing the individuals' covered, total amounts due, and any current charges according to its records at each billing date.

To assist MetLife in complying with customer identification requirements of the USA Patriot Act, the Employer states that: (1) any Employee census information provided to MetLife was accurate, to the best of the Employer's knowledge, when given, and (2) the Employer has confirmed the identity of each Employee at hiring, or otherwise, by viewing a government-issued photographic identification document.

This agreement may be terminated at any time by the Employer or by MetLife upon furnishing 90 days written notice. If this agreement is terminated, the Employer will be responsible only for the remittance to MetLife of any full premiums deducted prior to the termination date. In the event deductions for any particular policy are to be discontinued on other than a Common Due Date, the amounts already withheld from pay, if any, are to be refunded to the Employee, and MetLife is to be notified as provided above.

Executed this 22ND day of DECEMBER, 20 15.

Employer: City of Pharr
